"Inspiration" is what askITians has been giving to students throughout its wonderful journey of 13 Years. Be it an IIT aspirant or students with aspirations for medical, it's the inspiration of interacting and taking guidance from their role models is what drives our's student motivation. askITians believes that students already have the necessary potential in them, and as a career shaping partner of the student, it never failed to take out the best potential out of them."

Aditya Singhal

"Every child is future of the family and the nation. In today's world of cut-throat competition and minute specialization, the toughest task parents and teachers face is to mould our children to face the challenges and uncertainties that lie ahead. Let us stand with them ensuring their best throughout the school examinations and for the competitive examinations. Let us be highly focused and concerned about broader educational objectives of developing students' confidence, self motivation and thinking capability to benefit their future."

Vision

Helping the young aspirants to make their dream come true through quality teaching with the perfect blend of technology.

Mission

Creating an environment of academic excellence enabled by modern technology and pedagogy to impart quality teaching.

Values

Finding newer ways of overcoming challenges.

ABOUT askITians

With over 15 years of experience and with more than 30,000 students from 20+ countries around the globe, we are India's No.1 JEE | NEET | Foundation Education Institute

askITians was started in the year 2006 by Mr. Aditya Singhal and Mr. Nishant Sinha, IIT Delhi alumni. They started this vertical with the concept of helping the young aspirants to make their dreams come true through high quality teaching methodologies. askITians is the whole kit and caboodle that an aspirant of engineering & medical entrance exams would ever wish for. Its supreme strength is its faculty pool of 250+ Ex-IITians, 150+ Medical Graduate, who have lived the life student's aspire for, catering to the request and requirements of hopeful students!

askITians , through its various offerings, like Classroom Center Coaching , Live Online Classes, Study Material , and many more, ensures that students get ex-IITians/Doctors to share their troll and guide them in every step.

TESTIMONIALS

Hello everyone.

I am Yash Jakhmola, from India. I joined AskITians in my grade11 in the HomiA37 batch to prepare for JEE Advanced. So, I have been associated with AskITians for 2 years and my experience here has been brilliant. I got to study from professionally qualified teachers which was immensely helpful. The online mode of teaching was also beneficial as I did not need to spend time travelling. It was a great experience for me to study and learn with AskITians.

Regards,
Yash Jakhmola

“

I am Surya Narayan Majhi and I have been associated with AskITians for the past one year for my jee preparation. I has been a great learning experience with AskITians teachers are really good and supportive throughout the preparation, with their help I was able to do well in my jee examination. I would recommend AskITians to my juniors for JEE preparation.

Regards,

”

“

I am Jacob Thomas Sony,

from Saudi Arabia. I have been associated with AskITians for the past 6 years. AskITians was very helpful in enabling me to achieve AIR 410 in JEE Main and AIR 968 in JEE Advanced. If one has strong conceptual clarity then even if we lose touch, we can quickly recover and perform very well on the day of the examination, provided we remain calm and cool. Thank you AskITians for all the support and guidance.

Regards,

”
